April 3, 1909. 190

American Numismatic Society,

Gentlemen:

The price on Stove, Nut, Egg and Furnace Coal for the month of April is $5.75 per ton put in bins. This is the regular price for steam trade, including Apartment houses, Churches and Hotels.

Owing to the unsettled conditions between the miners and operators this price is for the month of April only.

Hoping to receive your favored order, I remain,

Yours Truly,

Wright Gillies.

Wgjr.
